Careers Leader Training

Overview

Careers Leader training has been designed to support Careers Leaders in school to build a progressive and embedded careers programme with career learning outcomes supported by a strategic career plan. The course aims to add value and capacity to school leadership by embedding careers learning into whole school priorities and vision.

The approved courses in this catalogue are fully funded with an additional £1,000 bursary payable to the school on completion to cover any costs incurred.

We have partnered with 11 high-quality Careers Leader training providers who provide flexible learning options to suit all needs.

Key Learning Outcomes:

The overall purpose of the Careers Leader Training programme is to equip and enable careers leaders to prepare and implement a strategic plan for developing a careers programme in their school or college that meets the eight Gatsby Benchmarks. Participants should be able:

- To understand and apply relevant policies and frameworks for practice that support positive/improved student outcomes
- To be able to make use of career and labour market information to inform a strategic plan and a progressive careers programme
- To understand the role and value of a Careers Leader
- To be able to describe and perform the key roles and attributes that comprise careers leadership: Leadership/ Management/Co-ordination/Networking
- To be able to articulate the value of strategic Careers Leadership to secure SLT and Governor engagement and support
- To articulate and adopt the principles of good leadership and management and consider how this support developing a whole school, special school or college approach to careers guidance
- Discuss key aspects of career theory and how these apply to their learners and the school's or college's careers programme and the local/regional context
- To understand how to build, and lead the implementation of, a Strategic Careers Plan aligned to your school special school/college strategic priorities
- Develop yourself and your strategic plan and progressive careers programme in the light of reflection, evaluation and new evidence
- To understand how an effective Strategic Careers plan can contribute towards school/college improvement

Choosing a Course

Careers Leaders should consider the following when making a course selection:

1| Accreditation

Careers Leaders can opt for either non-accredited or accredited training to both Level 6 & Level 7. Some of the accredited courses include completion of OCR Units 21,22 & 23 from the Career Guidance and Development, OCR Level 6 Diploma

2| Training location

Careers Leaders can opt for courses from all regions and must consider travel requirements as part of selection process

Careers Leaders working within SEND are encouraged to consider all providers. Careers Leaders working within FE are advised that the Teach First programme is specifically for school-based Careers Leaders and are encouraged to consider all other providers.

We have created a comparison guide to help Careers Leaders navigate the options around accreditation, training location, course structure and provider type.

3| Course Structure & Timing

Each providers offer is different in terms of when the training takes place and how much face to face training take place

4| Provider type

Careers Leaders should consider the provider type for individual courses. The training providers are either School Leadership & Management, Career Development Training Providers or Higher Education

Comparison Guide

Provider	Accreditation	Provider Type	Days out of School/ College	Course Duration	No of Contact Hours	No of Self Study Hours	No of Assessment Hours	Contact Details
