Modern work experience.

Let's make it work.

THE CAREERS & ENTERPRISE COMPANY

UK Government

The National Mission on Work Experience

Overview

The National Mission on Work Experience

The Careers & Enterprise Company is partnering with Government on the National Mission on Work Experience, to boost opportunities outside the classroom through the place-based Careers Hub network.

CEC is supporting this call to arms to employers to provide an additional 200,000 work experience opportunities and ensure all young people aged 14-16 have vital exposure to the workplace with Careers Hubs, Mayors and local authorities forging links between schools and employers.

We're inviting you to pledge your commitment and share on social media using the assets provided in this pack.

Modern work experience.
Let's make it work.
